| Subject: | Installation Instruction for HCCAI v6.3 | | | Rev: | A |

Introduction

This document is an Installation Instruction to guide you through the process of upgrading from HCCAI v6.2 to HCCAI v6.3.

STEP 1 Download the new HCCAI v6.3 install files

Go to the Halogen Web Site <http://www.halogenonline.co.uk>. Log in and then click on the Downloads link under the User Area

Under the Software section, click on HCCAI v3 and when prompted by the pop up dialogue save the HCCAI v6.3.zip file to a suitable location on your PC.

STEP 2 Uninstall your current HCCAI Installation

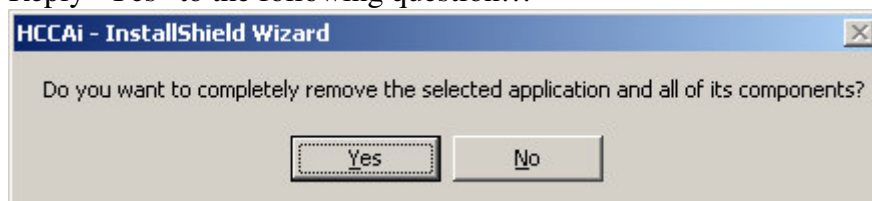

Open the zip file (double click on it) and then run the file called SETUP.EXE by double-clicking on it.

The HCCAI Installer starts to run and you should be presented with the following dialogue

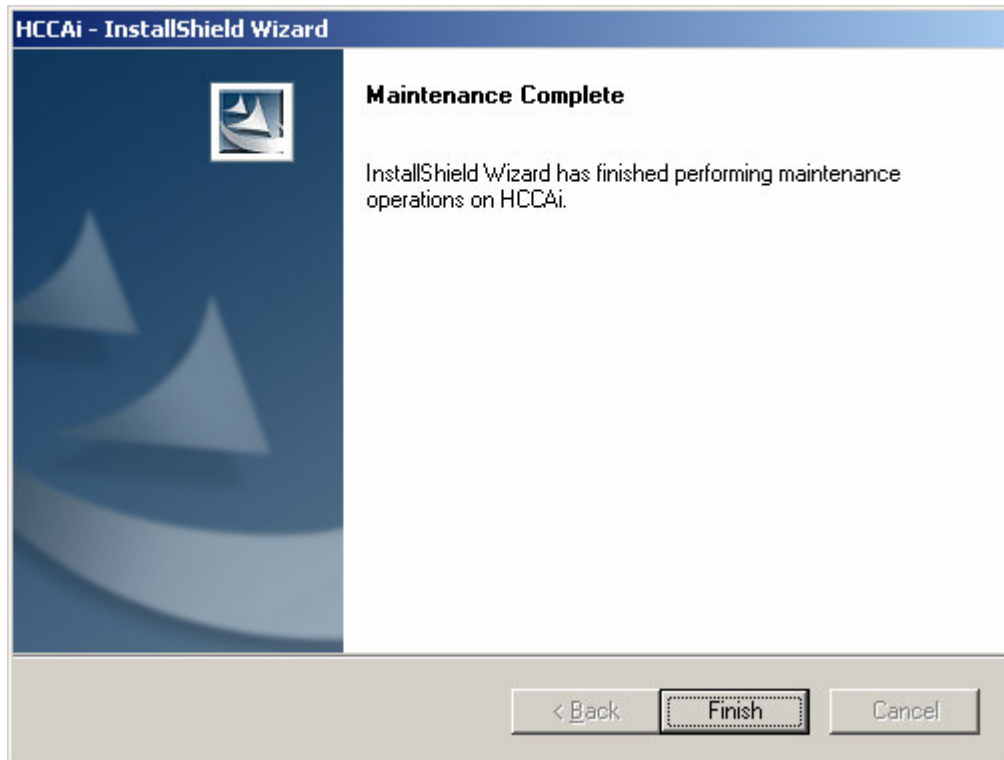

Select the “Remove” option, then click “Next”.

Reply “Yes” to the following question...

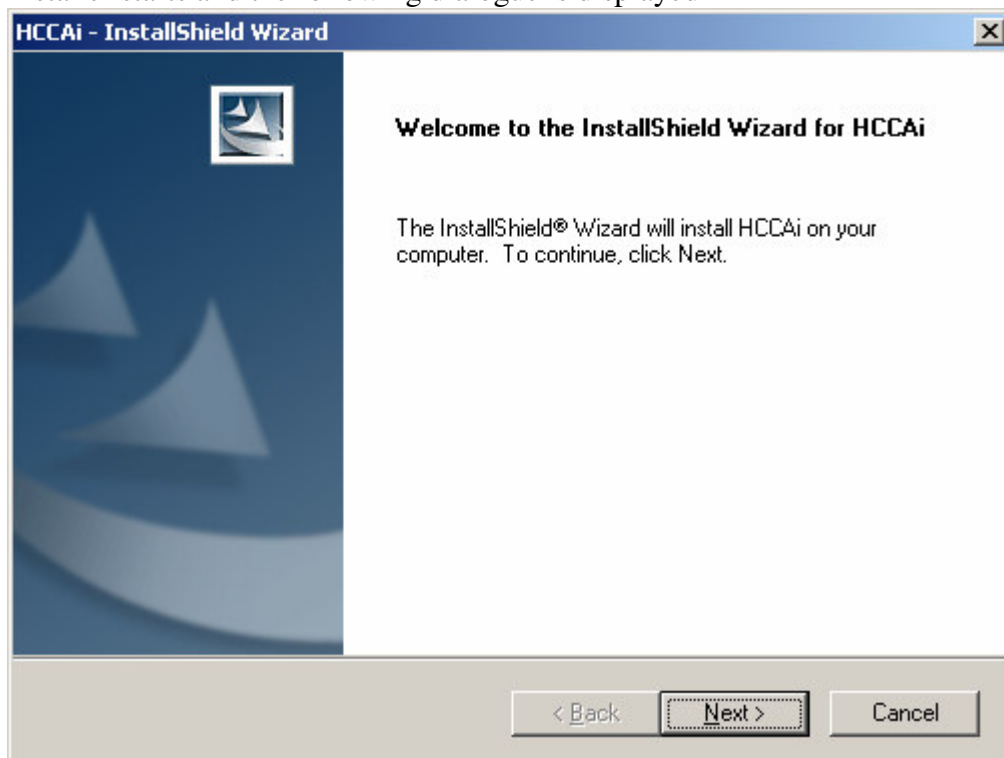

The Installer will then run and remove your current HCCAI installation. Upon completion the following message will be displayed.

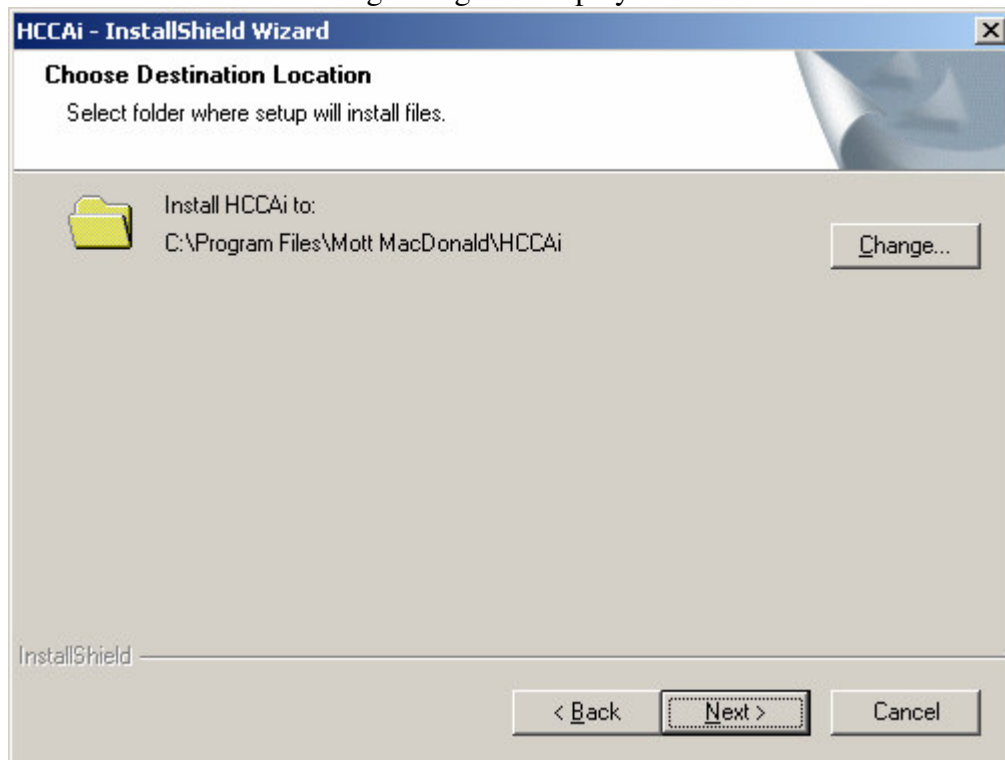

Click the "Finish" button.

STEP 3 Install the new HCCAI v6.3

Return to the downloaded zip file, open it again then run "SETUP.EXE" again. The Installer starts and the following dialogue is displayed

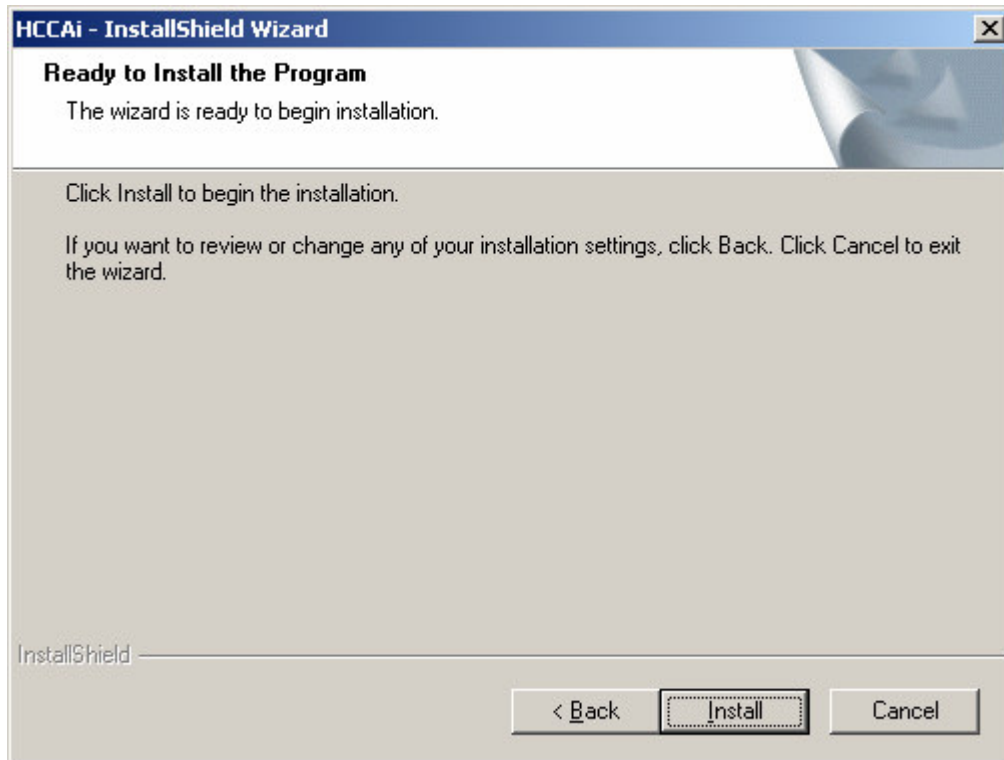

Click “Next”. The following dialogue is displayed

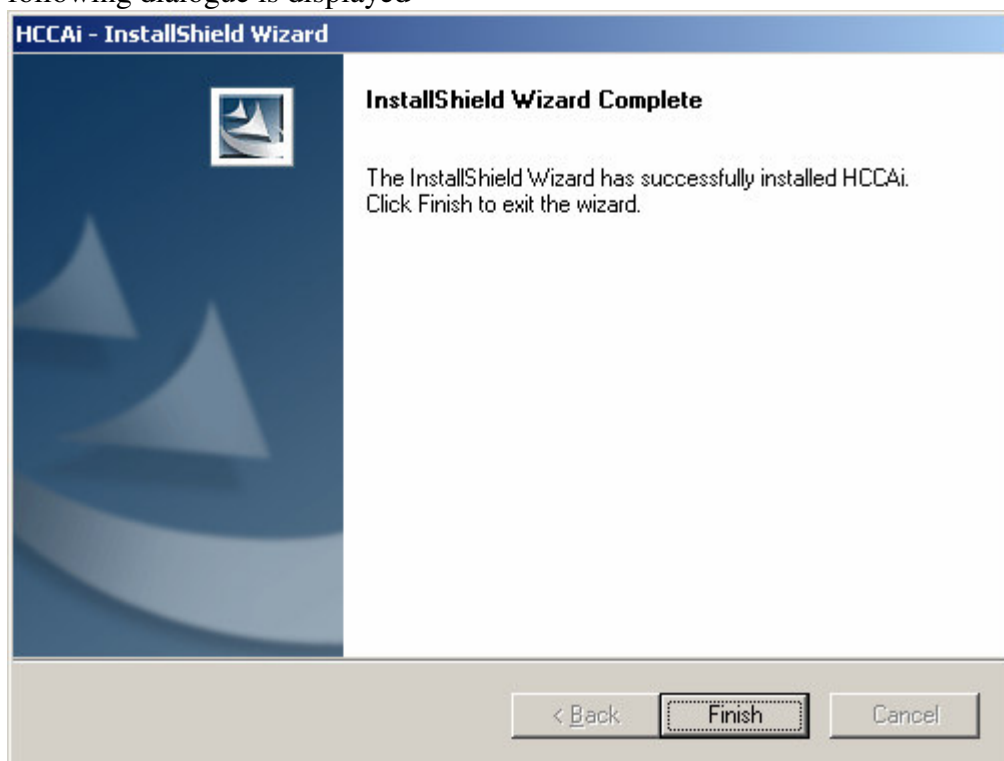

The default folder for installing the HCCAI is shown above and we recommend you use this. If you wish to install in a different location, use the “Change” button and select your alternative location.

Click “Next”, the following dialogue is displayed

Click "Install". The Installer proceeds to install HCCAi v6.3, when complete the following dialogue is displayed

Click "Finish" to close the dialogue.

STEP 4 Installation Complete

Your installation of HCCAI v6.3 is now complete, you should now be able to run the application and login using your existing Halogen User Id and password.

If you encounter any problems during this process, please contact the Halogen Help Desk for assistance.
